OVERVIEW

NOISE RATCHET, a 5-piece melodic rock outfit, come through magnificently on their full-length debut. Having been around now for over three years, this San Diego group has gained a large and avid following all over the southwest. The band's wide range in ages (17 to 25) allows the **RATCHET** to come off dark and haunting, while still keeping a youthful innocence. Don't let their ages fool you though, their songwriting and musicianship is as mature and capable as any. Beautiful, harmonized vocals soar, guitars thrash loudly and whisper softly, and the drums are full and solid, making this an album that stands out. Recorded at famed **Big Fish Studios** (**Blink 182, Rocket from the Crypt, Mineral, Jimmy Eat World**, etc..) and mastered by **Gavin Lurssen** (**POD, Candlebox, Blink 182, superdrag**, etc.), this record is a sonic masterpiece. After being a Rock Staple on mp3.com for about two years (over 210,000 downloads) **NOISE RATCHET** fans are just dying to get a record from them. *Till We Have Faces* is **NOISE RATCHETS** first nationally distributed record, and after selling over 5,000 copies on their self-released 4 song EP, a bright future is ahead.
