OVERVIEW

THE LYNSAY DIARIES, a solo acoustic project, from St. Louis, Missouri. Scott Windsor created this band after being in a serious accident which left his best friend paralyzed from the waist down. This traumatic experience got Scott to pick up his acoustic guitar and write music with a heartbeat. On his first record, *Remember the Memories*, Scott writes songs about love, sorrow, heartache, tragedy and shows how emotions play a part in almost every situation we go through. Taking note of the honesty and integrity of bands like **Pedro the Lion**, **Dashboard Confessional**, **Jonah's One Line Drawing**, **Elliot Smith** and more, Scott has achieved this with his first record. Scott has toured the nation twice, playing with the likes of **Brandston**, **Further Seems Forever**, **Element101**, **Dashboard Confessional**, **The Beautiful Mistake**, **Noise Ratchet** and more. Scott has also become the staple for towns like Nashville, TN and for some reason - Des Moines, IA. Yes you read that right - Des Moines, IA. Now with Scott recently quitting his higher education and already have plans to tour full time for the rest of the year and 2003 - expect to see **THE LYNSAY DIARIES** in your town soon.
