## OVERVIEW

**VERONICA**, a young east coast rock band with indie-pop sensibilities, will be hitting the music scene with a vengeance. Long hailed as one of the next bands to break into the mainstream, fans of **Jimmy Eat World**, **Sensefield**, **The Anniversary**, and the **Juliana Theory** have helped the 5-piece outfit build a following in the Mid-Atlantic states, particularly in PA since 1999. Playing their original brand of music, the band continues to expand their fanbase on a growing national level. With much attention by various record companies, **VERONICA** has been cautious not to leave their fans behind, signing to **The Militia Group** brings us Hope for a brighter Future.
